Outdoor Learning Training Network Wales

Getting involved with the Network

The Network meets once a year in a location as central as possible to all in Wales. Network business is discussed and standardisation of assessment is shared. Trainers CPD opportunities are offered as required.

If you would like to come to a meeting as an observer or wish to use the current Agored Cymru Outdoor Learning units according to current good practice please obtain an application form from:

education@naturalresourceswales.gov.uk

An application form will be sent requesting information about which units you are hoping to use, your Agored Centre and details of your relevant experience according to the appropriate requisites. Information will also be sent to you outlining the requirements for membership and delivery of certain qualifications.

The form should be completed in as much detail as possible and returned with any supporting evidence.

Your information will then be circulated to members of the Network who have experience of delivering those units. These sub-groups will look at the application and then contact the applicant to let them know the outcome of the exchange.

If you fulfill the requirements, you will be invited to join the Network.

If there are requirements that need to be met and there is a discussion to be had on your suggested path then a recommendation will be made at the next Network meeting.

You will either be approved or given advice and information on how you can reach the agreed requisites.
