Outdoor Learning Wales is a national network, drawing expertise, knowledge and inspiration from a range of partners, leaders and educators.

**Aim**
Outdoor Learning Wales (OLW) aims to increase the understanding, appreciation and sustainable use of Wales’ natural environment.

**Objective 1: Developing Environmental Awareness**
- Increase knowledge and understanding of the natural environment, its resources and benefits e.g. for sustainability, biodiversity and climate change.

**Objective 2: Increasing First-hand Outdoor Learning Opportunities**
- Increase delivery of first-hand learning opportunities in and about the natural environment.

**Objective 3: Improving Physical and Emotional Well Being**
- Increase opportunities to improve physical health and emotional well being in the natural environment.
